Welcome to Amaroo School. Our school is designed to cater for the learning needs of students from Preschool to Year 10. We pride ourselves on providing the very best learning experiences for all our students. In Preschool our students enjoy a play based program that meets the individual needs of every student. We look forward to long and mutually beneficial partnership as we work with home to ensure students are able to learn and develop to their full potential.

Philosophy Statements

**Education and Training Directorate Vision**
That all young people in the ACT learn, thrive and are equipped with the skills to lead fulfilling, productive and responsible lives.

**Education and Training Directorate Values**
Honesty, excellence, fairness and respect.
Amaroo School Goals and Values Statement

Our goals are that every child will:

- Be challenged and supported to develop his/her talents and skills to his/her full potential.
- Develop a strong sense of belonging to and ownership of our school and contribute to building a safe and welcoming environment for all.

The values that guide our work are excellence and inclusion.

- Excellence in all that we do and expect.
- Inclusion of all members of our school community through respect, tolerance and recognition of difference.

Learning is the main purpose of Amaroo School for both students and teachers.

The school exists to educate students to prepare them for a successful life beyond school within the community.

As well as educating students, Amaroo School equips them with the social skills needed and encourages everyone to develop strong friendships.

AMAROO PRESCHOOL PHILOSOPHY STATEMENT

The Amaroo Preschool philosophy builds upon our school’s vision statement and the principles from the Early Years Learning Framework.

We build secure, respectful and reciprocal relationships with all members of the community.

At our preschool, the educators

- Ensure that the interests, abilities and culture of every child and their family are valued and respected.
- Build and facilitate warm, trusting, and responsive relationships with children.
- Provide a safe and stimulating environment where children can be happy, have fun, laugh and be.
- Build on children’s prior learning and cultural experiences to gain continuity of learning and development.

We develop partnerships with families that support the learning and development of all children.

At our preschool, the educators:

- Use families understanding of their children to support shared decision making about each child’s learning and development.
- Create an inclusive environment where families are encouraged to participate in and contribute to children’s learning and development experiences.
- Support children in their transitions across educational setting and community services.

We strive for high expectations and equity for all.

At our preschool, the educators:

- Scaffold children’s learning and development through play based learning.
- Provide opportunities for every child to experience success in their learning and development.
- Recognise the learning potential of every child.
- Provide physical environments that support a range of opportunities for learning and physical activity, both indoors and outdoors.
- Provide opportunities for children to explore, solve problems, communicate, think, create, construct, and take risks in their learning.

We have respect for diversity in our learning community.

At our preschool, the educators:
• Recognise our multicultural preschool community as an asset and encourage families to maintain their first language.
• Promote cultural awareness in all children, including greater understanding of Aboriginal and Torres Strait Islander ways of knowing and being.

We enhance the learning and development of all children by engaging in ongoing learning and reflective practice.

At our preschool, the educators:
• Continually develop their professional knowledge and skills to enable them to provide the best possible learning opportunities for all children.
• Assess children’s learning in ways that underpin the educator’s practice.
• Use evidence to reflect on and inform planning for early childhood experiences and practice.

Curriculum

The Early Years Learning Framework has been developed to ensure your child receives quality education programs in their early childhood setting. This is a vital time for them to learn and develop.

The Framework’s vision is for all children to experience play-based learning that is engaging and builds success for life. [http://education.gov.au/](http://education.gov.au/)

It is a guide for early childhood educators who work with children from birth to five years. They will use the Framework in partnership with families, children’s first and most influential educators, to develop learning programs responsive to children’s ideas, interests, strengths and abilities, and recognise that children learn through their play.

The Early Years Learning Framework describes childhood as a time of belonging, being and becoming.

• **Belonging** is the basis for living a fulfilling life. Children feel they **belong** because of the relationships they have with their family, community, culture and place.
• **Being** is about living here and now. Childhood is a special time in life and children need time to just ‘be’—time to play, try new things and have fun.
• **Becoming** is about the learning and development that young children experience. Children start to form their sense of identity from an early age, which shapes the type of adult they will become.

Together with this national framework, educators in A.C.T can use ‘Every Chance to Learn – Curriculum framework for Australian Capital Territory schools for preschool to year 10’ to develop quality programs.

Communication avenues with staff

Our school recognises the importance of a positive parent/staff relationship. We encourage:
• Sharing knowledge to enhance the growth and development of your child.
• Developing positive relationships with families that are based on mutual trust and open communication.
• Developing a sense of belonging to the preschool for the children, parents and staff.

Important notices are placed on noticeboards, in home pockets and sometimes handed to students when leaving for the day.
Newsletters are produced weekly with information about what is happening in the school. It is available online on the Amaroo School website, the Amaroo School App or by email. Hard copies are available from the front office of the school.

Parent meetings are held twice per term on a Thursday evening at 7pm for your input and feedback.

Play and Chat sessions are held in Term 4, the year prior to attending preschool, as an orientation to the preschool.

Learning Journeys are held in Term 3 where families are invited into the preschool to share with their child the learning they have been experiencing.

Teachers appreciate the opportunity to talk with parents and carers both informally and in formal situations. This ensures valuable insight and understanding about a child’s individual developmental journey. If you have any questions or concerns, please do not hesitate to ask for an appointment to meet with the teacher.

**Hours of Operation:**

Amaroo Preschool is open for operation from 8:30am – 3:30pm. Teachers are available outside these times by appointment.

Preschool session times: Option 1: Monday, Tuesday and alternate Wednesdays 9am – 3pm
Option 2: Thursday, Friday and alternate Wednesdays 9am – 3pm

*An adult MUST stay with the preschool child until the session begins at 9am and please pick up promptly at 3pm as teachers have meeting commitments after this time.*

**Enrolment procedures**

Children seeking to enter school at the preschool entry point should be four years of age on or before 30 April in that year.

Preschool enrolments open in May prior to the commencement of the preschool year. Enrolment forms are to be completed online at [http://www.det.act.gov.au/school_education/enrolling_in_an_act_public_school](http://www.det.act.gov.au/school_education/enrolling_in_an_act_public_school)

You will be advised after the 19th June, 2015 if your enrolment has been successful. You will then need to provide your child’s birth certificate, immunisation details and proof of residence, ie. utilities bill. If you or your child were born overseas, you will also need to provide visas and passports.

**Early Entry and Early Intervention:** Early enrolment for children under compulsory education age is also available to children eligible. Entry into Early Intervention (Special Education) programs, English as an Additional Language or Dialect (EALD) learners, Aboriginal and Torres Strait Islander children, Children with a diagnosed hearing and/or vision impairment (or are a child of a parent with a diagnosed hearing and/or vision impairment), Mobility for children who fall outside of the age cut off and have parents in mobile work positions especially Australian Defence Force personnel and Gifted and Talented for Accelerated Entry to preschool or kindergarten. Children requiring Special Education support may be enrolled upon meeting certain eligibility criteria. An application may be made through the school counsellor or through the Student Support section of the Department. Full information will have to be provided to the Principal at the time of application. Further information is available on the Department’s website at [http://www.det.act.gov.au/](http://www.det.act.gov.au/)

**Voluntary contributions**

Public education is free. A School may offer or facilitate some specific optional items, activities and services for which parents may be asked to pay if they want their child to access them. Such activities may include excursions, incursions and class photos.
Amaroo School will ask for a voluntary contribution when you enrol. This contribution goes towards consumables; paint, paper etc.
Schools do ask families to contribute a voluntary contribution to enable it to continue to provide a quality learning environment for our children.

**Participation of volunteers**

Volunteers have a special place in schools and assist in many ways. This may include interaction with individuals and small groups of students in a range of different activities.

To assist schools in providing a safe environment and a positive educational climate, volunteers are asked to comply with the *Code of Conduct for Volunteers*. This code of conduct has been formulated to clarify the type of conduct that is expected of volunteers when participating in programs and activities in ACT Government schools.

- Observe similar standards of behaviour and ethical conduct to that required of staff. For example you are expected to act within the law, be honest and fair, respect other people (including students), and work to the best standard of your ability.
- Appreciate that teachers have a special duty of care for students that cannot be delegated or transferred to others. Appreciate also that the principal is the spokesperson for the school.
- Appreciate that students have rights and aspirations. Treat students with dignity and respect.
- Observe confidentiality in respect of all information gained through your participation as a volunteer. All information held by schools should be handled with care. Some information is especially sensitive. Sensitive and/or personal information requires additional caution in the way it is treated. For example, volunteers should not discuss nor disclose personal information about students, staff or students’ parents/carers to others.
- Accept and follow directions from the principal/supervisor and seek guidance through clarification where you may be uncertain of tasks or requirements. You may need to familiarise yourself with the department’s policies and guidelines on particular issues.
- Observe safe work practices which avoid unnecessary risks, apply reasonable instructions given by supervisors and report to the supervising staff and school administration any hazard or hazardous practice in the workplace.
- Report any problems as they arise to your supervisor including incidents, injury or property damage.
- Avoid waste or extravagance and make proper use of the resources of the school/department.

The Education and Training Directorate appreciates the strong commitment of many volunteers and visitors over the school year and notes that contact between volunteers or visitors and students will in many instances exceed the limits prescribed by the frequency test (3 days in any 4-week period or 7 days in any 12-month period). This will often be the principal factor in determining whether registration is required. Some volunteers and visitors may wish to (and be able to) limit the number of days they work with children. Others may not.

To apply for a WWVP please visit the Front Office to collect the forms.

**Contribution to decision making**

Families are welcome to contribute to the decision making procedures of the school through informal and formal discussions with the staff, written feedback sheets available on programs in the preschool, the School Board, or the P&C.
School Board

Each government school in the ACT is administered by a school board whose membership comprises the school Principal, two elected staff members, three elected members of the parent body and a nominee of the Department of Education. Elected members normally serve for a two-year period.

The Board is the policy-making body of the School. Its major functions are to:

- determine the educational policies to be implemented at the School
- assess, from time to time, the needs of the School in relation to the provision of buildings and facilities, equipment, funds and teachers and other staff, and make recommendations to the Chief Executive (of the Department of Education) with respect to the meeting of those needs
- determine the purposes for which funds made available for the School are to be expended
- make recommendations to the Chief Executive in respect of the use of the buildings, facilities and equipment of the School for purposes other than school purposes
- develop relationships between the School and the community and between the School and community organisations
- make recommendations to the Chief Executive on matters relating to the School

Responsibility for the implementation of policies established by the Board rests with the Principal and staff.

Parents and Citizens Association (P&C)

The P&C plays an important role within the School. Meetings are generally held twice per term and are advertised in the newsletter. All parents are encouraged to attend the meetings. In addition to their more official activities the P&C provides a meeting ground for parents and teachers and serves a fundraising function for the school.

Participation in preschool activities

Families are welcome to share their special skills, interests and diverse family cultures with the preschool. Families are encouraged to participate in social activities to enable families to meet each other and form a sense of belonging to the school.

Families can help in the following ways:

- sharing knowledge and expertise of craft, cooking, music, playing an instrument, story telling, job skills etc.
- interacting with the daily program
- spending time with your child and seeing first hand their interactions and experiences with their friends at preschool
- helping with working bees in the garden etc.
- assisting on excursions
- general assistance with maintenance of equipment and the outdoor environment
- being an active member of the Parent Association and School P&C and help in decision making
- participating in special projects or events during the year
Delivery and collection of Children

Regular attendance is important as this allows the children to settle into routines and establish themselves as part of the group. In accordance with the National Quality Standard, collection of children must be by a parent or authorised nominee. Authorised nominees are to be listed on your child’s enrolment form. A book is held in each classroom for any incidental times that an alternate adult is nominated.

Changes to Details

Please keep staff and the school informed of any changes to address, home/work phone numbers, child care arrangements, medical information and emergency contact phone numbers. However, please keep telephone calls to the preschool during session times for urgent matters only as it is disruptive to the program when staff leave the children to answer the telephone.

Medical condition management

Immunisation
The ACT Department of Health advises that all children attending school in the ACT should be immunised against diphtheria, tetanus, whooping cough, polio, measles, mumps, rubella and Hib (Haemophilus influenzae type b). We would ask that you check your child’s present immunisation status to see whether it is complete for his/her age. ACT Public Health regulations require schools to request proof of up to date immunisation when enrolling. Failure to provide this may result in your child being excluded from school should an outbreak of an infectious disease occur. A copy of exclusion periods for students with infectious diseases is available. Parents are asked to adhere closely to these requirements unless medical advice to the contrary is provided in writing.

Medical and Accidents
It is important that sick children are kept at home for their own comfort as well as the comfort of other children and staff. If a child becomes ill or is injured at school appropriate First Aid will be given and if necessary parents will be notified and asked to take their child home. If emergency treatment is required parents will be notified immediately and the child will be transferred by ambulance to hospital. In such cases ambulance services and treatment are free. All students who have an ongoing condition (e.g. asthma, diabetes, epilepsy) must have a treatment plan completed by parents and their doctor and lodged at the school. Plan proformas are available from the Front Office or from a staff member in the preschool.

Exclusion periods for infectious diseases such as mumps, German measles, measles and chicken pox are provided at the end of this handbook.
If a child is to take a **prescription medicine** while at school, written directions and medicine must be left with staff. Information on a child’s health status eg epilepsy, diabetes, should be given on enrolment or on diagnosis. If the health problem is serious please provide an up to date photograph of the child so it can be placed on our Medical Alert board.

**Head lice** are extremely contagious but easily eradicated. Children with either eggs or live lice will be excluded from school until written evidence of treatment is produced. Please report any cases of head lice to the School Office.

**Food** – Provision is made for the children to eat during the preschool session. Parents/carers are urged to provide children with healthy snacks and lunch which will enable the staff to assist in the development of lifelong healthy eating habits. All children will need their own drink bottle with water only. *Please note*: Amaroo School is an anaphylaxis aware school due to the inclusion of students with life threatening anaphylactic allergic conditions.

**Physical Activities**

Physical activity is very importance for children so educators provide opportunities for structured and unstructured physical activity.

During the preschool sessions, your child will be involved with some hands on experiences both inside the classroom and in the outdoor area. These activities can, at times, be very messy. Please ensure your child is dressed appropriately so that they feel confident to participate in all the challenges provided throughout the session. In keeping with the sun safe policy children are supplied with a hat in their preschool pack. These hats are colour coded to your child’s preschool group, labelled with your child’s name and kept at preschool. If children do not have a hat, they will only be allowed to play in the shade. A warm coat and hat is required in winter. The children will be challenging themselves on the climbing equipment so sensible footwear is essential and long dresses and skirts can be dangerous. Please label all of your child’s clothing and pack a spare set in case of extremely messy play or accidents.

**Information on hygiene procedures**

Staff, children and volunteers must adhere to the hand washing procedures. All children are encouraged to wash their hands:

- On arrival
- Before and after eating or touching food
- After toileting
- After blowing their nose and wiping tears and dribbles
- When leaving the centre
- All scratches and cuts must be covered.

**Food safety tips for homemade lunches & snacks**

Healthy lunches and snacks are important for children and help with their concentration and learning. School lunches however are particularly susceptible to food poisoning, especially in the summer heat. Parents and care-givers are reminded of a few simple food safety rules to prepare safe and healthy school lunches and avoid the growth and contamination of food poisoning bacteria.

- Before handling food, wash hands with soap and warm running water and dry thoroughly. Lunch boxes and eating utensils should also be washed thoroughly before reuse. Children should also be encouraged to always wash their hands before eating.
- Foods that are prepared the night before, such as sandwiches, should be frozen overnight and then taken out for each day’s school lunch. Suitable foods to freeze are: bread, cooked meat, cheese, baked beans or vegemite.
- Because food is normally stored in a child’s lunch box for several hours, the lunch box needs to be kept cool. This can be done by:
  - Choosing an insulated lunch box or one with a freezer pack, or include a wrapped frozen water bottle to keep the lunch box cool
  - Perishable foods such as dairy products, eggs and sliced meats should be kept cool, and eaten within about four hours of preparation. Don’t pack these foods if just cooked; first cool in the refrigerator overnight.
  - If including leftover meals such as meats, pasta and rice dishes, ensure you pack a frozen iceblock into the lunch box
  - Healthy drinks, such as water and milk can be frozen overnight and then stored in your child’s lunchbox, helping to keep it cold.
- Make sure that, while at school, children keep their lunches in cool places and away from direct sunlight and other heat sources that facilitate the development of food poisoning bacteria.

**Excursions**

Excursions are part of the educational program at Amaroo Preschool. On enrolment, parents are asked to give permission for their child to go on incidental excursions e.g. walk to the shops. If children use any form of transport, parents will be advised in advance and asked to give permission, in writing, for the child to attend. The adult/child ratio is 1:5 on major excursions or less as required.

**Emergency management procedures**

The school has a policy on emergency evacuations and are required to practise evacuations procedures. All staff and children participate.

**Child Protection practices**

All employees in schools are mandated to report any case of suspected child abuse. Failure to notify suspected physical and/or sexual abuse of children is a criminal offence.

Staff will deliver lessons to children in protective behaviour and safe behaviours. Staff will also deliver lessons to enhance social and emotional skills.

**Transitions**

Your child is a member of the Amaroo School community. By enrolling your child into Amaroo preschool unit your child will automatically move on to kindergarten in our school. As with all transitions the staff will ensure that the move from preschool to kindergarten is successful. To do this we have implemented a transition program for our preschool children. This involves:

- Incidental visits to the school library, playground and canteen throughout the year.
- Buddy program.
- Shared preschool, kindergarten, incursions and excursions.
- Formalised kindergarten classroom visits in Term 3 and Term 4.

For more information about this topic please follow the link to this website for some handy hints:
Starting school - a guide for parents

Student Welfare and Management

At Amaroo School we value that everyone is an individual and that we all have the special qualities that make us who we are. It is important that students are treated with respect and by valuing their uniqueness and what they bring to the school. We provide a supportive, welcoming and culturally inclusive educational environment where students feel safe and happy. The school has a Student Management and Wellbeing policy that outlines the steps for addressing student welfare and management issues.

Parent Support

Parentlink www.parentlink.act.gov.au is a website which parents can use to access:

- Parents guides, including electronic order forms
- A directory of local parenting services
- Upcoming community events and parenting courses
- Further readings in relation to the parent guides
- Links to other useful websites.

Concerns or complaints

If you have a concern about your child’s education please have a conversation with the preschool teacher. You are also welcome to make contact with the executive teacher in the school.

Janine Gould
Ph: 02 62052808
Janine.gould@ed.act.edu.au

Should the need arise the ACT Education and Training Directorate has a policy for complaints resolution. This policy can be accessed at http://www.det.act.gov.au/publications_and_policies/policy_a-z
Diseases - Outbreak Procedures and Exclusion Periods

Personal hygiene measures such as hand washing, covering the mouth and nose when coughing or sneezing, covering weeping sores, not sharing food or drinks and not attending school when ill or suffering from diarrhoea are important means of limiting the transmission of a number of common infectious conditions.

The ACT Public Health Regulations 2000 require children with the following conditions, and children who have been in contact with the following conditions, to be excluded from school, preschool, child care or family day care for the periods specified.

<table>
<thead>
<tr>
<th>Condition</th>
