How it Works

Simply log into the website at any time and place an order for each of your children. You can order up to a week in advance, and even create repeating regular orders (eg every Friday).

When you set up your account, you can transfer a small payment into your online lunch account (min \$20). The payment for each lunch order is then automatically drawn from your lunch account. Whenever you need to top up your account, simply click the “payments” button while logged in and follow the prompts.
