

WE ARE LEARNING...

OUR SCHOOL VALUES

We are focusing on being safe and respectful in our interactions with people, friends and family everyday. We are also learning about respect and safety online and for ourselves.

Help me at home by talking about respectful behaviours and how showing respect to others builds a supportive community and safe society.

LITERACY

To write texts to inform.

To refine our writing skills during quick writes.

To expand our vocabulary by reading a variety of text types.

Help me at home by sharing an information book with me and talking about interesting words.

NUMERACY

To solve problems involving the addition and subtraction of related fractions.

To make connections between the powers of 10 and the multiplication and division of decimals.

Help me at home by assisting me in using a range of strategies to solve mathematic problems.

INQUIRY FOCUS

Investigating our physical world and exploring chemical change in materials and conducting experiments see these changes.

Help me at home by exploring how things change at home in the kitchen with cold or heat.

PERSONAL GOALS

To work on my personal reading goal that I have set with my teacher. I will use the strategies I learn at school during read to self, guided reading, and one-on-one feedback sessions with my teachers to help me read the books that I have at home.
