Good afternoon families

If your child is in grades K-6 they will have taken home a small stationary pack to use when completing Home Learning activities. Students in grades 4-6 are encouraged to use their ChromeBooks to log on to Google Classroom to remain connected to their class and some uploaded learning activities.

Primary

The ACT Education and Training Directorate have compiled age appropriate, Australian Curriculum aligned learning experiences for students and families. This online learning resource library is user friendly and suitable for students of all ages with a wide variety of engaging lessons, activities, podcasts, video links and family guides.

You will find the following sections on the Home Learning Portal:

Resources

The resource library provides a range of resources, lessons as well as activity ideas that support students in their learning.

Family guides

The family guides support parents to manage their child or young person's learning, and to stay healthy, safe, and connected whilst doing so.

<https://sites.google.com/ed.act.edu.au/act-home-learning/home?authuser=0>

In addition to this, your child is encouraged to read every day. Depending on your child's current reading ability, you can support them with sharing picture books or asking the school for some levelled readers, and/or their own choice of text in the older grades.

In Years 3-6 students are encouraged to log onto their Google Classroom daily and access some online activities that their class will be completing at school.

Secondary

Every secondary class has access to their learning via Google Classroom. Students should refer to this for guidance when they are learning from home. Please contact AmCares teachers for further information or advice.

This information will also be available on the school website.

Kind regards

Gai Beecher
