

# WE ARE LEARNING...

## OUR SCHOOL VALUES

- To respect myself and others.
- To take responsibility for my choices and my belongings.
- To be safe by being in the right place at the right time.
- To be a learner by engaging in and completing activities.

You can help me at home by noticing when I show you these expectations.

## LITERACY

- To read for learning by finding the answers and information I need in more complex texts.
- To listen to my teachers and peers and ask questions.
- To write longer passages of text to convey meaning using traditional means and modern technologies.
- To listen to stories.

You can help me at home by encouraging me to read different texts in a variety of presentations, such as books, newspapers or online.

## NUMERACY

- To improve my speed and accuracy by completing simple operations.
- To measure mass and volumes using different strategies and tools.
- To use money and calculate correct change.

You can help me at home asking me the time throughout the day and ask me to read analogue and digital clocks around the house.

## SOCIAL SKILLS

- Learning to work with peers and adults in a variety of settings.
- Learning to use appropriate manners in different social settings.

You can help me by playing board games and card games with me. Recognise and acknowledge me when I use my manners to talk with you and other family members, people in the community.

## INQUIRY FOCUS

- We will be inquirers and communicators when exploring our focus of cooking. We will be researching and writing recipes, exploring the history of food, measuring quantities and learning how to be safe in and around a kitchen.

You can help me at home asking me to join in with some simple tasks in the kitchen.
