

WE ARE LEARNING...

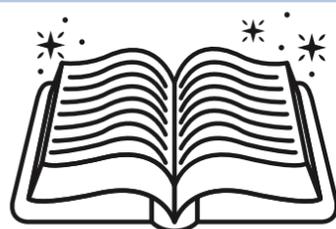

OUR SCHOOL VALUES

- To respect myself and others.
- To take responsibility for my choices and my belongings.
- To be safe by keeping our hands and feet to ourselves.
- To be a learner by engaging in and trying new activities.

You can help me at home by noticing when I show you these expectations.

LITERACY

- To use a variety of reading strategies.
- To speak to an audience.
- To read and gain meaning by asking questions.
- To write a variety of types of text, for example, to write to entertain and an information report. Our Literacy program is connected to our Inquiry into the question - 'Has everything changed?' with a focus on history.

You can help me at home by asking me to use different ways to work out unknown words.

Keep me talking! Share and discuss everyday topics with me to learn about the past.

NUMERACY

- To make groups and to share objects.
- To tell time on the clock.
- To connect events to days of the week.
- To identify Australian notes and coins.
- Adding and subtracting numbers.

Help me at home by noticing numbers in the environment. Discuss days of the week and events. Look at clocks and discuss the hour and minute hands.

SOCIAL SKILLS

- We are learning to play with others.
- We are learning to identify our emotions and ways to express these to tell someone, for example saying "I am upset".

You can help me at home by naming the emotions I might be feeling, ask me to say the word/repeat it after you. You can also help by suggesting strategies that can help me express my emotions.

LEARNER ASSETS

- To independently respect the rights, feelings and efforts of others.
- To work together in a respectful manner.
- To have ownership and responsibility for our own belongings.
- To understand people's body language and facial expressions and respond appropriately.
