

WE ARE LEARNING...

OUR SCHOOL VALUES

What it means to be a learner. We strive to achieve our best results in tasks, collaborate with others and ask questions to improve our comprehension.

Help me at home by encouraging me to persevere in the face of challenges. By acknowledging my effort in my learning. Reminding me that learning is a life-long achievement!

LITERACY

To 'compare and contrast' when reading by making connections between two texts and discussing the similarities and differences. To write and record ideas neatly using the lines, capital letters, punctuation, compound sentences using descriptive language. To speak and listen with confidence and respect.

You can help me at home by encouraging me to read and write about the different things that interest me. Support me by asking questions to help me compare and contrast between texts I have read, to aid my comprehension.

NUMERACY

To perform simple 2-digit addition and subtraction calculations using a range of strategies such as split strategy, vertical algorithm and jump strategy.

To tell time to the quarter-hour and use a calendar to identify the date and the months included in seasons.

Help me at home by giving me opportunities to use objects to add and subtract, then ask me to use the strategies to show my working out. Support me with time telling by using an analogue clock when we do something. e.g. It is 6.05pm and we are cooking dinner.

INQUIRY FOCUS

To understand how technology has changed over time. We will explore different inventions and how they have changed the world, We will research to find the answer of 'Has technology changed our lives for the better?'. We will explore this through student-led projects, hands on experiences with artefacts from the past, experiments and group discussions.

Help me at home by exploring things that have changed around me. Talk to me about what is different or similar from when you were a child.

PERSONAL GOALS

To continue working on my personal reading goal that I set with my teacher. I will use the strategies I learn at school during read to self, guided reading, and one-on-one feedback sessions with my teachers to help me read the books that I have at home.

You can help me at home by reading with me each day and noting it in my Reading Log.
