

WE ARE LEARNING...

OUR SCHOOL VALUES

To be responsible. We do this by caring for our environment, belongings, making good choices and being honest.

Help me at home by letting me join in with the housework and preparing meals. Remind me that it is my job to put my toys away and pack my school bag.

LITERACY

To read with strategies such as blending, chunking prediction and picture cues.

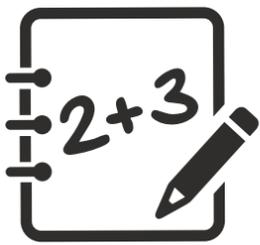

To write and record ideas using capital letters, finger spaces, full stops and increasing vocabulary.

To share thoughts and feelings about a range of topics and personal emotions.

Help me at home by encouraging me to use clues from the text if I get stuck when reading. Check to see if I am using the pictures to help me understand the story.

NUMERACY

To investigate number patterns and relationships to 100 and back, using strategies such as number lines and 100's charts.

To make connections from our number sense to other mathematical concepts such as data collection and graphing.

Help me at home by giving me a number and asking me to count on from it. Check to see if I am identifying all the numbers in the right order.

INQUIRY FOCUS

We will be looking into what we can do to look after our planet as well as why we should look after our environment. Year 1 will investigate ways to be sustainable as well as how the environment impacts on living things. Through this, we will take action to improve our local environment.

Help me at home by asking me to sort recycling and check to see if I can identify which bin certain waste goes into.

Talk to me about why some things can be recycled and others cant.

PERSONAL GOALS

To choose a personal reading goal for Term 1 to work on during read to self time, guided reading sessions and one-on-one sessions with teachers and educators.

You can help me at home by reading with me each day and noting it in my Reading Log.
