

WE ARE LEARNING...

OUR SCHOOL VALUES

To be Learners

We do this by being ready and organised for learning and trying our best with a can do attitude.

Help me at home by talking about how I can organise my things and try my best at school.

LITERACY

To persuade the audience by keeping the reader interested and wanting to read on. In our writing we will include persuasive devices such as emotive language, rhetorical questions and modal verbs.

You can help me at home by helping me to explore different advertisements we see.

NUMERACY

To explore the different ways we can separate numbers into groups and the patterns we use for multiplication.

To understand how to read maps by identifying positions using coordinates.

Help me at home by playing card games with me, like multiplication snap. You could also show me a variety of maps that you're familiar with.

INQUIRY FOCUS

To investigate the relationship between the earth, moon and sun. with a focus on how they move and interact.

Students will also experiment with how materials in the world around them change depending on heat.

Help me at home by discussing 'Why does the sun move during the day?' and 'Why does it get dark?'

PERSONAL GOALS

To work on my personal reading goal that I have set with my teacher for Term 2. I will use the strategies I learn at school during read to self, guided reading, and one-on-one feedback sessions with my teachers to help me read the books that I have at home.

ROUTINES

LIBRARY

3AMA - Friday
3JCA - Monday
3LPA - Monday
3KRA - Monday
3HWA - Monday
3LBA - Monday
3LSA - Monday

PHYSICAL EDUCATION

3AMA - Monday
3JCA - Tuesday
3LPA - Tuesday
